

KYOGL HIGH SCHOOL

Here to Learn

Here to Lead

23 March 2020

Dear Parents/carers

This morning the NSW Premier Gladys Berejiklian stated, that in NSW from tomorrow, for practical reasons, parents are encouraged to keep their students at home.

Throughout the State attendance rates have fallen significantly over the last week and it is expected this trend will continue. The decision of an increasing number of families electing to keep their children at home would have made it exceptionally difficult for teachers to run regular classes while meeting needs of learners off campus.

The Department of Education has continued to work closely with NSW Health to ensure we have access to the latest advice on how to keep students, staff and the community safe. The advice is that it is safe for our schools to be open and continue to operate.

Parents are being supported in their choice to keep their children at home but it is vital that our doors remain open for those parents who cannot make that choice. Those parents who work in our health system, education system, emergency services and other essential workers need to be able to access suitable supervision of their child's learning on school sites.

Attached to this letter is details around Google Classrooms where last Thursday and Friday, staff uploaded work for years 7-12. These online lessons are to be completed by students regardless of if they are working from home or at school. We are mindful that some of our students have limited or no internet service or do not have a computer at home. If this applies to your student, please do not hesitate to contact us and we will get hard copies of work to you, either by post or collected from the school.

There may also be occasions where students will need to attend school, even if they are studying at home: like completing a major work project for the HSC, or possibly collecting and delivering back study materials.

The Department of Education has created resources to support students 'learning from home'. The link to this site is: <https://education.nsw.gov.au/teaching-and-learning/curriculum/learning-from-home>

Please do not hesitate to contact me at school on 66321300 if there are any questions. I thank you for your continued support of Kyogle High School.

Kind regards

Mrs Gae Masters
Principal

Joining Google Classrooms at Kyogle High School

1) Link to Google EDU apps

Student-googleapps.education.nsw.gov.au

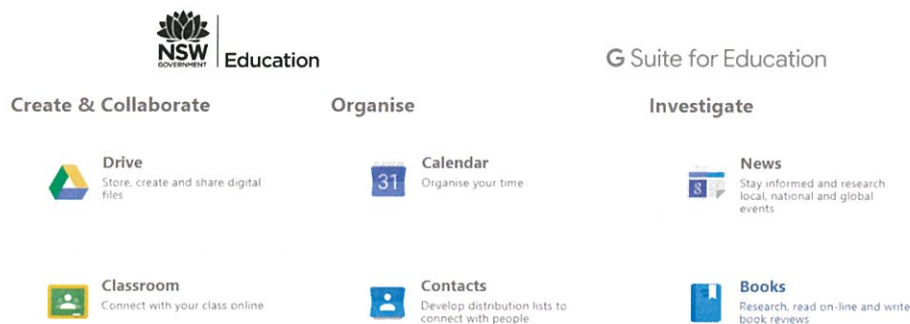

2) Log in with your student portal login, for example:

Username: mary.smith22

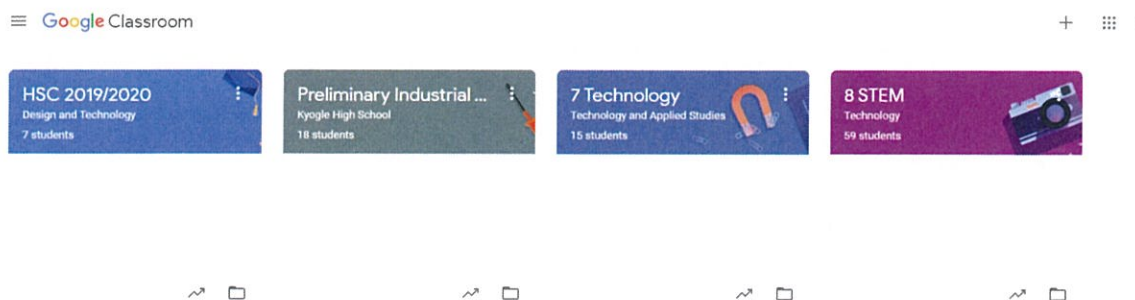

Password: XXXXX

If you are having problems with your account, please contact the school to have your account reset on 02 66 321 300

3) Once logged in, select the classroom link second from the top on the left hand side.

4) Select your classroom OR add yourself to your school class by clicking the + sign at the top of the page and selecting Join Class option

5) Type in the classroom code and press **Join**

Any difficulties please contact Kyogle High on 02 66 321 300 for support
